

**John Thomas Flute Music Library**

Given by the Estate of John Thomas, September 2012

Hochstein School of Music & Dance and the Rochester Flute Association

*Notes about the catalog*

You can search for a score by Composer, Title, Publisher, or Type (i.e, flute & piano).

There are lists printed out in alphabetical order by each of these headers.

The lists by score type have numerical sequence for convenience of sorting (see below)

The lists have been prepared in a simple data base:

- accents and foreign diacritical markings are omitted
- some score titles begin with a number; they are listed numerically before "a,b,c"
- some score titles begin with numbers numbers that are spelled out (i.e. "Four Songs"). They are listed alphabetically. If you are searching for a title that starts with a number, you may want to check in both places (under "4" and "Four")
- There is a column for "comments" used occasionally. It may describe something about the score (i.e, autographed or other instruments).

Note that "Oversize" scores reside on a box in the bottom shelf.

All efforts have been made to have make the catalog entries accurate.

Please see the Borrowing Policies to learn how to find a score and borrow it.
